Exhibition: Timber Talent South West
Architecture for the 21st Century
Saturday 20 April–Sunday 13 July
Admission free
Exhibition launch:
Saturday 26 April, 12 noon–3pm
Refreshments – all welcome

Last year, CCANW launched *Wood Culture* – an ambitious year-long festival celebrating the beauty, usefulness and sustainability of wood and exploring its many uses in contemporary architecture and design.

Timber Talent South West, one of five exhibitions organised during the year, features CCANW's selection of sixteen of the most inspiring recent examples of the use of timber in contemporary architecture. Its South West focus includes both recent innovative timber buildings from the region and timber structures made elsewhere in the UK by SW-based practices, documented by photographs, plans and models.

02

Touring exhibitions
All four exhibitions in our Wood Culture programme – *Wood Wisdom*, *Inspiring Futures*, *Place Works* and *Timber Talent South West* – are available to be shown at other venues.

03

Architecture Residency
Over the coming months architect Cameron Scott, designer of Milton Garden Studio in South Devon, will be working with architectural students from the region on proposals for small-scale, temporary timber structures for Haldon Forest Park. Further details from CCANW.

Veda Hilde

Music: Veda Hilde and band
Friday 2 May, 8pm
Admission £9 (£7.50 conc.)
Booking essential

Maverick Canadian singer-songwriter Veda Hilde is back – this time with her full band! After a truly memorable performance here in 2006, Veda returns for a rare UK show playing songs from her latest album. She writes about the natural world, the trickiness of love, the constant threat of tragedy, and anything else that amazes her. Do not miss!

Interior of the workshop at Hooke Park, a collaboration between Fred Otto, Alexis Burton & Kocksek and Buro Happold

Visit: Hooke Park
At the end of June CCANW is planning a trip to Hooke Park, a 250 acre woodland in West Dorset owned by the Parnham Trust from 1983-2000, which – under director John Makepeace – created a number of important experimental buildings made from forest timbers. Now owned by the Architectural Association, over the coming years Hooke Park will be developed as a laboratory of experimentation and research. Details: www.ccanw.co.uk. Booking essential.

Dance//movement workshop, CCANW August 07

Advance notice: Soma: Terra: Para dance/movement workshop
Monday 26–Sunday 31 August
Course fee £95 (£80 conc.). Booking essential

Building on the overwhelming success of last year's 5 Ways to Walk Towards Yourself movement workshop, CCANW have teamed up again with Angus Balbernie and Ros Maynard to bring you Soma: Terra: Para, five days of guided explorations into the body, nature and the landscape culminating in two days of personal and shared performance. For artists and students from body-based and other disciplines.

We are giving this advance opportunity to book, as last year's course was very popular and booked up rapidly.
