

Fashion Sweet Fashion

Exhibition: Fashion Sweet Fashion Saturday 12 to Sunday 27 March

Secondary schools and sixth form colleges across Devon responded to an 'open submission' for the final exhibition of work related to CCANW's 2010-11 programme on the impact of fashion and textiles on the environment. We were impressed by the exciting range of deconstructed, upcycled and recycled items presented.

During this programme, over 1,000 children and young people participated in workshops through visits with families, school and youth groups. Many more visited the exhibitions as part of their day out at Haldon Forest Park and seven secondary school work experience placements were also coordinated.

Participating Schools:
Queen Elizabeth's Community College
Plymstock School
The King's School
Tiverton High School
Sidmouth Community College
Newton Abbot College
Axe Valley Community College
